

Amazon — Campus Placement Drive (Demo Notification)

Document Type: Drive Demo | Chitkara University Placement Cell

This is a SYNTHETIC, illustrative placement drive notification created for an academic AI/RAG project. It does not represent an actual Amazon recruitment drive. These requirements are synthetic demonstration data and are not official company requirements.

1. Company Overview

Amazon is featured in this drive as a simulated recruiting partner for demonstration purposes. In this synthetic scenario, Amazon is modelled as a technology-sector employer that participates in Chitkara University's campus placement programme for CSE and allied specializations.

2-4. Drive Title, Year & Roles

Drive Title	Amazon Campus Recruitment Drive — 2025-26 (Synthetic Demo)
Drive Year	2025-26
Job Role(s)	SDE-1, Support/Ops Engineer

5. Job Description

Design, build and scale production-grade software and/or AI systems; work with senior engineers on real product features; participate in code reviews and system design discussions; contribute to performance and reliability improvements.

6-8. Eligibility — Programs, Specializations & CGPA

Eligible Degree Programs	B.E./B.Tech
Eligible Specializations	CSE, CSE (AI & ML), CSE (AI & FT)
Minimum CGPA	7.50 (on a 10-point scale)

9-12. Backlog, Graduation & Semester Eligibility

Active Backlog Rule	No active (standing) backlog at the time of application.
Historical Backlog Rule	Maximum of 2 historical (cleared) backlogs permitted, subject to Placement Cell policy.
Graduation-Year Eligibility	Students graduating in the current or immediately following academic year only.
Eligible Semesters	Semester 6, Semester 7, Semester 8 only (campus placements do not begin before Semester 6).

13-18. Openings, Compensation & Logistics

Number of Openings (synthetic)	62
Expected CTC (synthetic)	INR 27.36 LPA (average, illustrative)
Base Salary (synthetic)	INR 21.56 LPA
Variable Component (synthetic)	INR 5.8 LPA (performance-linked, illustrative)
Work Location	Multiple locations (Pan-India / Hybrid) — illustrative
Employment Type	Full-Time, Permanent (post successful completion of training/probation)

19. Bond / Service Agreement

No mandatory service bond is modelled for this synthetic drive.

20-24. Selection Process

The (synthetic) selection process consists of the following stages:

Online Assessment	Aptitude, logical reasoning and verbal ability (synthetic format)
Coding Assessment	Data structures, algorithms and programming fundamentals (synthetic; applicable to technical roles)
Technical Interview	Core CS fundamentals, projects, and role-relevant technical discussion
HR Interview	Communication, fitment and career-motivation discussion

25-26. Application Requirements & Documents

Application Requirements	Updated resume, completed registration on the placement portal, consent form
Documents Required	Academic transcripts (Sem 1 onward), government-issued ID, passport-size photograph, resume

27-29. Instructions, Offer Conditions & Exceptions

Important Instructions	Students must carry a valid ID card; late arrivals may not be permitted to appear; mobile phones are not allowed during assessments (synthetic policy).
Offer Conditions	Offer is contingent on successful completion of degree requirements, background verification, and maintenance of minimum CGPA through graduation (synthetic).
Eligibility Exceptions	Case-by-case exceptions, if any, are solely at the discretion of the Placement Cell and are not guaranteed (synthetic policy).

All company names are used purely for academic simulation context. All figures, statistics, eligibility criteria and package details in this document are SYNTHETIC / FICTIONAL and were generated for an AI/RAG coursework demonstration. They do NOT represent real placement outcomes, offers, or data from the named company, Chitkara University, or its Placement Cell.
